Row 2: Next, make 7 sc in the last loop of the tail (ie. In last sc). (7st total)

Row 5-7: sc in each sc

Row 8: sc in first 5 sc, sc next two sts tog. Repeat until you can just snugly fit your index finger into the top of the mouse. Stuff with catnip and stuffing (and bell).

*next we add the ears. Get another colour of yarn, join it to the outer lip of one sc, as we will use the inner lip to complete the mouse. Ch 2, then in the same sc make 2 dc, sl st in same sc lip. Next, sl st in the outer lip of the next stitch, and the one after. Next, ch 2, 2dc and sl st. tie and cut off.

Row 9: Continue with sc in 1st sc, sc next 2 sts tog, until you only have 7 sts around left. After which just sc next 2 sts tog until you are left with about 3 sts. Leave a 3 inch tail of yarn to seal and secure.

Weave in any loose ends into the mouse, et voilà!!! You have a catnip mouse!
