

CAT COOKIES

What you need:

- 1 packet of Oreo cookies
- 1 packet of mini Smarties
- 1 packet of chocolate drops
- Edible marker (you can find these at Spotlight and baking specialty stores)

What to do:

- Sort through packet of Smarties to find pairs of yellow, green, blue and orange (for eyes) and pink for the nose
- Melt a handful of chocolate drops in the microwave
- With the edible marker, draw a stripe down the middle of the Smarties to create your cats' eyes
- Put a dot of melted chocolate on the back of the Smartie and stick on to the Oreo cookie then repeat to form a pair of eyes
- Once both eyes are on, cut a pink Smartie in half and place a drop of melted chocolate on it, then place under the eyes to look like a nose
- Dip a chocolate drop in the melted chocolate just covering the bottom and stick chocolate drop to side of cookie to look like an ear
- Place on a plate and serve
